FLASH! FLASH! CANCELLATION OF MONTHLY MEETING FOR MARCH

From President Charlie Stroczyński:

REFERENCE: COVID-19 Corona Virus

In the interest of safety, I am postponing our March meeting. We have a large number of high risk members and I do not want to jeopardize their safety. It took a large amount of thought to make this decision. A good number of you are in favor of meeting and I strongly considered it. There are also a good number urging caution and I believe that is the most responsible way forward. As time continues we will have more information on which to base these decisions.

I am drafting a letter to our membership informing them of this decision and will notify the council on aging and our speakers.
