

Fall 2019 Newsletter

Welcome Back:

Summer is our busiest season on Cape Cod with beach and boating and traffic and visitors taking a larger chunk of our precious time. We have had such great weather and the water is as warm as I can ever remember. I even had visitors from New Jersey remark the ocean is warmer on Cape Cod! I hope your summer has been as wonderful and busy as mine. As Summer winds down and guests become less persistent, it's time for all of us to focus on plans for fall and winter activities. The Barnstable Newcomers' Club is now entering its 41st year as an active organization providing opportunities to be with new and old friends while taking part in fun activities.

As you will see on the following pages we have lots going on this year. We are always interested in new activities. If you have a hobby or interest that you would like to share with people or perhaps a discussion group that you think members might enjoy, bring it up at a meeting and we can create an activity sign-up clipboard. If you have friends who might enjoy involvement in the BNC, please reach out and invite them to come to our meetings.

Your BNC Board has decided not to raise yearly membership dues from \$20 per person. We try to make the dues as reasonable and affordable as we can while still allowing us to continue the work of our group. Please mail your dues upon receipt of this newsletter and before our first meeting to minimize the line on September 18th.

We are looking forward to a new year for the BNC, with plenty of opportunities to enjoy new experiences and stay actively involved in life on Cape Cod. As new President there are a good number of things that are new to me. I hope you will be patient with me and with your help, I hope to keep the BNC an active, vibrant club as it has been for many years. Participation is the key. See you on September 18th!

Charlie Sroczyński - President
